

Create export documents and customs declarations for your international shipments using eConsign from SGS

# DRAFT PUBLISH MANAGE

- Export Document Suite
- NES Declarations
- EMCS Movements
- Export Invoices
- Customs Documents
- Shipping Notes
- Certified Documents
- Dangerous Goods Notes
- Letters of Credit
- And more...

## VERSATILE

eCONSIGN is the pay-as-you-go solution for international trade. The browser-based software features a comprehensive export document set, electronic export declarations and supports certified documents.

## STREAMLINE

Speed-up your declarations with the customs module by submitting customs declarations in real-time. With eCONSIGN you have greater control over your shipments and goods, saving you time and money.

*"eCONSIGN is perfect for my needs. I have been looking for a solution to complete customs declarations for some time... eCONSIGN is just what the shipping business needed."*

**TERRY MCDONALD,  
DISPATCH MANAGER**

## POWERED BY SGS UNITED KINGDOM LTD

*eCONSIGN is developed and supported by SGS, a dedicated UK based company in international trade software. SGS builds the best software, provides uncompromising support and leads in technology for international trade.*

## DYNAMIC

With the Quick Setup feature, you can configure eCONSIGN to suit your business requirements and easily create bespoke documents by adding your company logo and signatures at any time. Use the secure shared access features to work smarter with freight forwarders, manufacturers and warehouse teams.

## SECURE

As it is a browser and cloud based application, there is no software to install when you use eCONSIGN. All your documentation is created and stored within the eCONSIGN cloud, giving you access wherever and whenever you need it, along with the peace of mind that your data is safe and secure with the latest technology.
