

## IS THIS **COURSE RIGHT** FOR ME OR MY ORGANISATION?

ANSWER THE FOLLOWING TO FIND OUT IF THIS COURSE WILL BENEFIT YOU.	YES	NO
Is your organisation accountable for projects or programmes which aim to improve public services?		
Are you accountable for internal projects aimed at improving performance and organisation KPIs?		
Does your organisation find it difficult to demonstrate and provide evidence of the outcomes and impact of your projects?		
Are you expected to report the impact and outcomes to your funders and/or senior management?		
Are there projects you are trying to get funding for, but find it hard to make the case to demonstrate their impact?		
Are you a middle to senior level manager with accountability for delivering results?		
Does your financial controller or funder ask you to measure value for money for your projects?		

**IF YOU HAVE ANSWERED YES TO TWO OR MORE OF THESE QUESTIONS, THEN OUR PLANNING, MEASURING AND REPORTING OUTCOMES COURSE IS RIGHT FOR YOU.**

Our training will provide you with the skills and knowledge you need to create comprehensive project plans, understand how to plan for effective data collection and ensure your future programmes have measurable indicators to allow your stakeholders a line of sight to your proposed outcomes.

To find out more about developing the skills to plan, monitor and evaluate outcomes, contact our experts.
